OHIO ALL RIGHT.

LOTTER PARIS

COLUMBUS, Ohio, Oct. 5 .- Our friends are in good spirits to-night at the Republican Committee rooms here. The Chairman of the Committee assures me that they will carry the State by an increased majority over the last election. The VIth District is in doubt, with the doubt in favor of the Hon. John A. Smith, the Republican candidate. A member of the Central Committee from Dayton says Gen. Schenck will carry the 1Hd Congressional District by from 500 to 800. News from Bingham's District is favorable. They estimate his majority, from present indications, from 500 to 2,000. Great activity prevails at headquarters, and altogether the political situation is good and healthy.

GEN. PLEASONTON TO MAYOR HALL. Gen. Pleasonton replies to Mayor Hall's

efforts at notoriety as follows: To His Honor A. Oaker Hall.
Dear Sir: Your letter dated Manhattan Clab, Oct. 4,
was only received at my office to-day, during my ab-

Sence.
You propose to try certain charges you have made scatnest the character of Gen. Woodford before a private tribunal. I have no authority to constitute a private tribunal to try either his or your personal character afford by those charges.

ribunal to try either his or your personal character affected by those charges.

You made the charges in public, appealing to the people of the State as the tribunal to try them. Gen. Woodnord has since offered, in his speech at Albany, to submit the question of their truth to the arbitrament of the people, if his opposing candidate would assume the responsibility of making or supporting them in a public discussion. I think he is right, and that any answer he does make should be before that popular tribunal to which you at first reserved, and from which his accusers should not now be allowed to withdraw. Very respectfully your obedient servant.

A. P.LEASONTON.

THE EIGHTEENTH DISTRICT. To the Editor of The Tribune.

Sin: I have read your recent comments on the bolt in this district, and agree with you that the continuance of the same insures the election of a Democratic member of Congress in November. The condition of affairs is deplorable. This district is one of the close ones of the State which the Democracy hope to gain, and from present indications I think they will have an easy victory. The bolt is more serious than a majority of the cilizens of the district auticipate. Some of the most energetic Republicans of the district are opposed to Mr Marvin, and it is confidently asserted that towns of this county which have heretofore given large majorities for our ticket, will give the bolter's candidate more votes than the regular nominees will receive. The difficulty arises partially from personal prejudices and partially from the action of Mr. Marvin last Full. It is not to be denied that he holted various Republican candidates at different times; and the Democratic Member of Assembly from the IId District of Saratoga County was gained by his aid at the election one year ago. He aided Scustor Blood, also, to his scat in the Logislature; and, in fact, defeated the party throughout the entire District. His friends urge in defense that he was forced District. His friends urge is detense that he was forced to such action by a certain dictatorial editor, resident at Saratoga Springs, who assumed the responsibility of directing the affairs of the party in the district. This man, Mr. W. M. Potter, is now a leading boiler, having disposed of his share in the newspaper, which supports the nominee of the regular Convention. Mr. Makean, the boiling cambidate, is an officer of the State Temperance Society, and a Methodist Minister. He is well known in this vicinity, and will receive more votes than any other man whom the boilers might have chosen.

The boilers have no hope of electing his free boilers have no hope of electing his They admit that their action is suicidal President Grant will need every Republican Congress that can be cleated; but their pers President Grant will need every Republican member of Congress that can be eite ted; but their personal prejudices overcome all desires for party success, and they are whiling that the Democrats should carry the day without say threatening opposition. About the regularity of Mr. Marym's nondination I will say nothing. He was nominated by the regular Convention, and that is enough.

Now, the question is, How can this break in the ranks be healed? Ought one candidate to withdraw in favor of the other? No, for that would be as had as before. What then can be done? Ought both candidates to withdraw? Yes, I say: and then let a third man be chosen. I think that is the easiest way to settle all dissensions which may have arisen, and the plan which will be finally adopted. I am glad to say that there is a prospect of peace, but as yet it is small. Mr. Marvin would have declined probably a week ago, if certain petitiogging individuals had not held him up and flattered him. His declination would certainly have resulted in a similar proceeding on the part of the bothing nominee, and then the canvass would have been vigorously carried on for a man whom all would support. Mr. Marvin still holds out, however, being spurred by the aforesaid men, one of whom is a United states official. I think that a petition would be received favorably—a petition to each of the candidates requesting them to withdraw—and I would not be surprised if one were circulated in the district at an early day.

With the present state of things defeat is certain, not-

I have no doubt that both sides foster some spirit conciliation, and that spirit will be shown in an engancy although both are "going it blind" at press The boiling candidate is put forth to scare the regular candidate, and I think it is for the good of the party the Mr. Marvin should permit himself to be easily scared Saratoga Springs, Oct. 5, 1870.

WESTCHESTER-FIRST ASSEMBLY DISTRICT. To the Editor of The Tribune.

SIR: Your leader of to-day, "Avoid What the Enemy Wants," suggests a piece of good advice to the taxpayers of the First Assembly District, of Westchester County, and they can best be reached through THE TRIB-UNE. Last year the Republicans of this district nominated for Assemblyman the Hon. Edward Haight, ex.M. C.: and, although he was palpably "counted out by the Judges of Election, who gave his competitor a majority of a little over a hundred votes, he nevertheless reduced the accustomed Democratic majority, by their

pepularity.

Democr. ts have had trouble among themselves

The Democrate have had trouble among themselves this year, and have put in nomination not only "Col. Mooney" the present incumbent, concerning whom comment is needless, but another similar importation. This result was doubless constituted at by our tax-paying Democrate, with a view of further discrediting the Ring nominations.

Now, should a straight out Bepublican politician be nominated on our side, the Democracy will surely concentrate autificiently to give us for our Representative at Albany, Col. Mooney, or his alter ego, as the district is overwhelming against us, while it is almost certain that by nominating a secund war Democrat and tax-payer, the Mr. Haight, we can avoid a repetition of such disgrace and loss. Shall we not make another trial with Mr. Haight? He certainly has deserved well of us in more ways than one.

TREASURY AND NAVAL FRAUDS-THE TEHUAN, TEPEC EXPEDITION. [BY TELEGRAPH TO THE TRIBUNE.]

WASHINGTON, Oct. 9, 1870. Chas. C. Edwins, the clerk in the Treasurer's Bureau, who abstracted some \$8,000 or \$9,000, which Treasurer Spinner had to make good out of his own funds, is in juil awaiting trial. It appears his right name is Charles E. Cady, and that he has a wife and daughter in Binghamton, N. Y. His wife is the daughter of Orrin Bliss of that place. He married the daughter of Mr. Eaton of this city, last February, a young lady highly respected in this community. She refused to leave for Europe with him, and was the cause of his coming back to Washington and confessing his defalcation.

The Navy Department has had, within a year or two, no fewer than eight cases of embezzling paymasters, and they have stolen amounts ranging from \$1,000 to \$250,000. All the evidence necessary to presecute these dis-honest officers has been for many months, in some cases for years, in the hands of the Solicitor of the Department, whose special duty is to look after such cases, yet none of the delinquents have been prosecuted. The amount which the Government has thus lost by the negligence of an official reaches nearly \$1,000,000. The bondamen of these paymasters are als

not disturbed.

All the counterfeit notes and plates captured by the Government detectives, and now in the Treasury Department, are to be destroyed next week, by order of Secretary Boutwell.

The Tehuantepec Survey Expedition will leave the Washington Navy-Yard on next Wednesday. Capt. Shufeldt, who commands the Expedition, also commands the Kansas, one of the vessels going, while the Mayflower is commanded by Lieut. Randail. The Expedition will probably be absent six months.
